Houston, TX 77002
Telephone (512) 236-6545
EIN: 45-6259461

2020

This booklet provides 2020 tax information which will allow unitholders to determine their pro rata share of income and deductions attributable to their investment in Permianville Royalty Trust (the “Trust”). Each unitholder is encouraged to read the entire booklet very carefully. The material herein is not intended and should not be construed as professional tax or legal advice. Each unitholder should consult the unitholder’s own tax advisor regarding all tax compliance matters relating to the units.

Instructions for Schedules A, B and Supplemental Tax Tables

Schedule A

For unitholders who file income tax returns on the basis of the calendar year and the cash method during 2020, the Trustee has prepared Schedule A, which summarizes the income and expenses on a per unit basis required to prepare 2020 tax returns as if the unitholder had held its units during all of 2020 (i.e. January 1, 2020 through December 31, 2020).

Schedule B

Schedules B-1 through B-12 summarize the monthly income and expenses on a per unit basis. Each unitholder should compute its tax information by using the relevant information for each month that it was a unitholder of record. The results of all appropriate months should be combined. Thus, a unitholder with a taxable year ending January 31, 2020 would combine the results of February through December for 2020 and January for 2020.

Supplemental Tax Tables

Supplemental Tax Tables I through X should only be used by calendar-year unitholders who acquired units after January 2020, or sold or exchanged units any time during 2020. Unitholders who have a taxable year other than December 31, as well as unitholders subject to state income tax who did not own units the full calendar year, should continue to use Schedules B-1 through B-12. Unitholders who have held units the entire year should use Schedule A.

I. FEDERAL INCOME TAX INFORMATION

1. Reporting of Income and Expense

(a) *Direct Ownership Reporting.* Permianville Royalty Trust is taxable as a grantor trust for federal income tax purposes. Each unitholder of the Trust is taxable on its pro rata share of the income and expenses of the Trust as if it were the direct owner of a pro rata share of the Trust’s income and assets. Thus, the taxable year for reporting a unitholder’s share of the Trust’s income and expense is controlled by its taxable year and its method of accounting, not by the taxable year and method of accounting of the Trust. Therefore, a cash-basis unitholder would report its pro rata share of income or expense of the Trust, received or paid by the Trust, during its tax year. An accrual-basis unitholder should report its pro rata share of income and expenses of the Trust accrued during its tax year.

The Trust was formed in May 2011 by Enduro Resource Partners LLC (“Enduro”) to own a net profits interest representing the right to receive 80% of the net profits from the sale of oil and natural gas production from certain properties in the states of Texas, Louisiana, and New Mexico held by Enduro as of the date of the conveyance of the net profits interest to the Trust. The net profits interest was conveyed to the Trust on November 8, 2011 in connection with the initial public offering of Trust units. On September 14, 2018, the Trust changed its name from Enduro Royalty Trust to Permianville Royalty Trust. The Trust still owns the original net profits interest that was conveyed on November 8, 2011 representing the right to receive 80% of the net profits from the sale of oil and natural gas production from certain properties in the states of Texas, Louisiana, and New Mexico that are now held by COERT Holdings 1 LLC (“COERT”, the acquirer of such properties from Enduro).

(b) *Taxable Year.* Since the Trust distributes its income monthly to unitholders of record at the end of each month, Schedules B-1 through B-12 are prepared for each month during the year to permit unitholders using a fiscal year to develop their own tax data by computing the relevant information for each month the unitholder owned units during its taxable year. For example, a unitholder with a fiscal year ending January 31, 2020, and who has owned the same number of units during such year would combine the results of Schedules B-2 through B-12 for 2020 and Schedule B-1 for 2020. For the convenience of unitholders who report on the calendar year and who have owned the same number of units during such calendar year, Schedule A, which combines the results of Schedules B-1 through B-12, is included. Calendar year unitholders who purchased or sold units during the year should consult the Supplemental Tax Tables.

(c) *Types and Reporting of Trust Income and Deduction.*

(i) In general, the income attributable to each royalty is computed for each monthly period based on proceeds collected in the preceding months by the owner of the interests burdened by such royalty from oil and gas produced from such interests and sold in an earlier month, less certain designated costs and expenses paid or accrued. The gross amount of the net profits interest royalty income received by the Trust during the period is reported in Column (a) of Part I.

(ii) Severance tax allocated to the Trust during the period is reported in Column (b) of Part I.

(iii) Production quantities provided in Column (g) of Part I are for information only.

(iv) The Trustee invests the net proceeds received from the working interest owners (net of administration expenses) each month. The interest income earned on the net proceeds received from the working interest owners (net of administration expenses) at the end of a month is distributed to the unitholders of record for that month. Item 1 of Part II reports, on a per unit basis, the interest earned by the Trust on distributions received by the Trust from the working interest owners during 2020.

(v) Administration expenses represent amounts paid for and incurred during the period. The amount incurred and paid during the period covered is reported as Item 2 of Part II.

(d) *Unit Multiplication.* Because each schedule shows results on a per-unit basis, it will be necessary to multiply the gross royalty income and severance tax shown in Part I and the interest income and administration expense shown in Part II by the number of units owned by a unitholder on the monthly record date of the applicable period to obtain the amount to be reported on its tax return for that period. Income and deductions (other than depletion) may be computed directly from the appropriate schedules. Depletion per unit must be computed as provided in instruction 2 on the following page.

(e) *Individual Taxpayer.* For unitholders who held units as an investment during 2020 and who file Form 1040, it is suggested that the items of income and deduction for 2020 be reported in the following manner:

<u>Item</u>	<u>Form 1040</u>
Royalty Income*	Line 4, Part I, Schedule E
Depletion	Line 18, Part I, Schedule E
Severance Taxes	Line 16, Part I, Schedule E
Interest Income	Line 1, Part I, Schedule B
Administration Expense	Line 19, Part I, Schedule E

* The Permianville royalty is divided into three parts for state tax purposes. For federal income tax purposes, it may be shown as a single royalty.

On the following pages, we have reproduced Form 1040 Schedules E and B as well as identified the specific location of each item of income and expense listed above. These pages are entitled "Individual Unitholder's Specific Location of Items of Income and Expense on Form 1040 Schedules E and B."

For the convenience of unitholders who acquired or sold units during 2020, Tables I, II, III, and IV are enclosed to assist in the computation of Gross Royalty Income, Interest Income, Severance Tax, and Administration Expense. These tables are only for those unitholders who have a calendar year as their taxable year.

(f) *Nominee Reporting.* Nominees should report the distributions from the Trust as royalty income on Form 1099-MISC. The taxable amount before depletion should be reported per the attached schedules. In years where there are no reconciling items, the net taxable income excluding depletion (see instruction 2) will equal the cash distributions from the Trust. Also, see the WHFIT Classification section regarding tax information reporting by middlemen.

2. Computation of Depletion

Each unitholder should determine its depletion allowance by computing depletion for each royalty. A taxpayer who purchased units should be entitled to claim depletion allowable based on the greater of cost or (if allowable) percentage depletion.

A Depletion Worksheet is enclosed to assist unitholders in computing their cost or percentage depletion deduction. The Worksheet is divided into two parts. Part A pertains to units that were held the entire calendar year, and Part B pertains to units that were acquired or sold in 2020. Unitholders who use Part B should obtain their cost depletion factors from Tables V through VII and percentage depletion factors from Tables VIII through X for their applicable period of ownership in 2020.

(a) *Percentage Depletion.* If available, percentage depletion is equal to 15% of the gross income attributable to a royalty, limited to 100% of the net income from such royalty, and may continue after basis is reduced to zero.

(b) *Cost Depletion and Apportionment of Basis.* Each unitholder is entitled to compute cost depletion with respect to its share of royalty income received by the Trust from each royalty on its basis in such royalty. To compute cost depletion for the period covered, each unitholder should multiply its basis in each royalty (reduced by prior years' depletion, if any) by the factor indicated in Column (d) of Part I, which

factor was calculated by dividing the quantity produced and sold during the period by the estimated quantity of reserves at the beginning of the year.

The Permianville royalty is a single royalty for federal tax purposes. However, it is necessary for the unitholder to apportion its basis in the royalty into three parts for state tax purposes. With respect to units acquired by purchase, a unitholder's basis in each royalty is determined by apportioning its basis in such units among each royalty in proportion to the relative fair market values of each on the date the units were acquired. Note 2 of the Specific Instructions for Depletion Worksheet and Column (f) of Part I set forth a factor for apportioning basis based on the trustee's determination of the relative fair market value of the royalties. A unitholder should allocate its basis in accordance with the basis allocation factor in Note 2 of the Specific Instructions for Depletion Worksheet or in Column (f) of Part I for the year in which units are acquired and should not thereafter reallocate its basis. The trustee intends to redetermine the relative values of the royalties annually, and change the basis allocation factor in Note 2 of the Specific Instructions for Depletion Worksheet and in Column (f) of Part I based on such redetermination.

4. Reconciliation of Net Income and Cash Distributions - Non-Tax Account

The difference between the per unit net income for a period and the per unit cash distributions reported for that period (even though distributed in a later period) is attributable to adjustments in Part III, Line 2, labeled Non-Tax Account. The Non-Tax Account is increased by expenditures which are not deductible and by increases in the cash reserves established by the Trustee for the payment of future expenditures. The Non-Tax Account is decreased by the recoupment of capital items and by reductions in previously established cash reserves.

5. Adjustments to Basis

Each unitholder should reduce its tax basis (but not below zero) in each royalty by the amount of depletion allowable with respect to that royalty and its tax basis in its units by the amount of depletion allowable with respect to all royalties. Each unitholder should also increase its tax basis in the units by its pro rata share of any increase in the Non-Tax Account and decrease its tax basis in the units by its pro rata share of any decrease in the Non-Tax Account.

6. Federal Income Tax Reporting of Units Sold

The sale, exchange, or other disposition of a unit is a taxable transaction for federal income tax purposes. Gain or loss is computed under the usual tax principles as the difference between the selling price and the adjusted basis of the unit. The adjusted basis of a unit is the original cost or other basis of the unit reduced by any depletion allowed or allowable. The amount of gain, if any, realized upon the disposition of an oil and gas property is treated as ordinary income to the extent of the depletion previously claimed with respect to such property which reduced the taxpayer's basis in the property. The balance of any gain or any loss will be a capital gain or loss if such unit was held by the unitholder as a capital asset - either long-term, if held more than 12 months, or short-term if held less than 12 months.

7. Portfolio Income

Royalty income is generally considered portfolio income under the passive loss rules enacted by the Tax Reform Act of 1986. Therefore, it appears that unitholders should not consider the taxable income from the Trust to be passive income in determining net passive income or loss. Unitholders should consult their tax advisors for further information.

8. WHFIT Classification

The Trustee assumes that some Trust units are held by a middleman, as such term is broadly defined in U.S. Treasury Regulations (and includes custodians, nominees, certain joint owners, and brokers holding an interest for a custodian in street name). Therefore, the Trustee considers the Trust to be a non-mortgage widely held fixed investment trust (“WHFIT”) for U.S. federal income tax purposes. The Bank of New York Mellon Trust Company, N.A. (“Trustee”), 601 Travis, 16th Floor, Houston, TX 77002, telephone number (512) 236-6545, is the representative of the Trust that will provide tax information in accordance with applicable U.S. Treasury Regulations governing the information reporting requirements of the Trust as a WHFIT. Notwithstanding the foregoing, the middlemen holding units on behalf of unitholders, and not the Trustee of the Trust, are solely responsible for complying with the information reporting requirements under the U.S. Treasury Regulations with respect to such units, including the issuance of IRS Forms 1099 and certain written tax statements. Unitholders whose units are held by middlemen should consult with such middlemen regarding the information that will be reported to them by the middlemen with respect to the units.

9. Unrelated Business Taxable Income

Certain organizations that are generally exempt from tax under IRC Section 501 are subject to tax on certain types of business income defined in IRC Section 512 as unrelated business income. In the opinion of the Trust’s tax counsel, the income of the Trust is not expected to be unrelated business taxable income to such organizations so long as the Trust units are not “debt-financed property” within the meaning of IRC Section 514(b). In general, a Trust unit would be debt-financed if the Trust unitholder incurs debt to acquire a Trust unit or otherwise incurs or maintains a debt that would not have been incurred or maintained if the Trust unit had not been acquired.

II. STATE INCOME TAX RETURNS

All revenues from the Trust are from sources within Texas, Louisiana or New Mexico, as reflected on Schedules A and B.

Louisiana and New Mexico presently have income taxes which tax income of nonresidents from real property located within that state. Louisiana and New Mexico tax nonresidents on royalty income from the royalties located in that state. Louisiana and New Mexico also impose a corporate income tax which may apply to unitholders organized as corporations. Business entities and entities providing limited liability protection, unless otherwise exempt, are currently subject to the Texas franchise tax which is partly based on federal income principles and which would generally include income from the Trust. The Trust has been advised by Texas tax counsel that the Trust should be currently exempt from the Texas franchise tax as a passive entity. However, each unitholder that is a business entity or limited liability entity should consult with its tax advisor regarding royalty income from the Trust (as such income may be taxable to certain unitholders, despite the fact that it was not taxable to the Trust as a passive entity) and compliance with Texas franchise tax law.

The revenues and expenses attributable to the royalties located in each state are reflected in Part I to assist unitholders in complying with state tax obligations. If units were owned less than a full year, the unitholder must obtain state income tax information from Schedule B for each of the months units were owned. Each unitholder should consult its tax advisor regarding the requirements for filing state income tax returns for its state of residence, and the states from which the Trust’s income is derived.

III. CERTAIN TAX MATTERS

THE INSTRUCTIONS CONTAINED IN THIS BOOKLET ARE DESIGNED TO ASSIST UNITHOLDERS WHO ARE U.S. CITIZENS IN COMPLYING WITH THEIR FEDERAL AND STATE INCOME TAX REPORTING REQUIREMENTS BASED ON THE TREATMENT OF THE TRUST AS A GRANTOR TRUST AND SHOULD NOT BE CONSTRUED AS ADVICE TO ANY SPECIFIC UNITHOLDER. A UNITHOLDER SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING ALL TAX COMPLIANCE MATTERS RELATING TO THE TRUST.

Specific Instructions for Depletion Worksheet

Note 1: The original basis of your units must be determined from your records and generally will be the amount paid for the units including broker's commissions, if any. However, there could be other taxable events which cause the original basis to be revised. Please consult your tax advisor concerning your original basis. The original basis should be entered in each blank of the first column of the Depletion Worksheet 1.

Note 2: There is one depletable property for federal income tax purpose because the net profits interest was conveyed to the Trust on November 8, 2011 under a single conveyance agreement thereby creating a single property. However, three basis allocation factors for the property have been provided to assist you with your state income tax reporting. The basis allocation factors are to be used only in the year units are purchased or otherwise acquired. Once the basis allocation factor is applied to the original basis of the units acquired (cost or other basis), generally, the basis allocation is not changed again.

Note 3: Depletion allowed or allowable in prior years is the cumulative depletion amount, whether cost depletion or percentage depletion.

Note 4: After cost depletion and percentage depletion are calculated, the unitholder is entitled to deduct the greater of the two for each royalty.

Note 5: When units are acquired, sold or exchanged during the year, the cost depletion factor and percentage depletion amount for each royalty should be the factors provided in the supplemental tables (Table V through Table X).

Permianville Royalty Trust

EIN 45-6259461

2020

The following may help you calculate the depletion to be reported on your Federal Income Tax Return

A. If you owned the units for the entire year, your depletion would be calculated as follows:

Royalty	(a) Original Basis (NOTE 1)	(b) Basis Allocation Factors (NOTE 2)	(c) Basis Allocated	(d) Depletion Allowed or Allowable In Prior Years (NOTE 3)	(e) Less Basis Sold in Permian Divestiture (NOTE 4)	(f) Basis Allocated Less Depletion Allowed or Allowable in Prior Years	(g) Cost Depletion Factor	(h) Cost Depletion	(i) Percentage Depletion Per Unit	(j) Units	(k) Percentage Depletion	(l) Greater of Cost Depletion (g) or Percentage Depletion (j) (NOTE 5)
Texas	A	x	=	-	-	=	x 0.033448	=	0.016828	x	=	
Louisiana	B	x	=	-	-	=	x 0.014255	=	0.001381	x	=	
New Mexico	C	x	=	-	-	=	x 0.020373	=	0.008527	x	=	
Total Federal (A+B+C)		x 1.00	=	-	-	=	x 0.024620	=	0.026736	x	=	Total Depletion

Cost Depletion Factor - Due to the allocation of your tax basis shown in column C to Texas, Louisiana, and New Mexico, the ending cost depletion rates shown in column F will not sum to the total federal rate. Once the cost depletion factors are applied to the allocated basis, shown in column G, the sum of the three states will equal the federal amount

B. If you sold or acquired the units during the year, your depletion for the portion of the year that you held the units would be calculated as follows:

Royalty	(a) Original Basis (NOTE 1)	(b) Basis Allocation Factors (NOTE 2)	(c) Basis Allocated	(d) Depletion Allowed or Allowable In Prior Years (NOTE 3)	(e) Less Basis Sold in Permian Divestiture (EXHIBIT III)	(f) Basis Allocated Less Depletion Allowed or Allowable in Prior Years	(g) Partial Year Cost Depletion Factor (NOTE 4)	(h) Cost Depletion	(i) Percentage Depletion Per Unit	(j) Units	(k) Percentage Depletion	(l) Greater of Cost Depletion (g) or Percentage Depletion (j) (NOTE 5)
Texas	A	x	=	-	-	=	x	=		x	=	
Louisiana	B	x	=	-	-	=	x	=		x	=	
New Mexico	C	x	=	-	-	=	x	=		x	=	
Total Federal (A+B+C)		x 1.00	=	-	-	=	x	=		x	=	Total Depletion
